IMPLANT & GENERAL DENTISTRY OF NORTHERN COLORADO

April 1, 2021

Dear Patients:

It has been my privilege to provide your dental care for the past 36 years. The trust and confidence you have placed in our office has been greatly appreciated and will always be one of my life's most gratifying accomplishments.

I founded "Implant & General Dentistry of Northern Colorado" and started practice in 1985. As our practice grew, I was honored to invite Dr. Nicole Ferrara to join my practice in 2001. Then, in one of life's proudest moments as a parent, we invited my son, Dr. Theo, to join our practice in 2008. Most recently, our longtime friend and colleague, Dr. Ryan Olson, joined our practice in 2020.

I am retiring from dentistry in June 2021. However, I am absolutely thrilled to say that Drs. Nicole, Theo and Ryan will continue to carry on our IGDNC "mission" to provide the same highest quality of dental care available. Our amazing "world-class" staff will continue to assist our doctors in providing compassionate care for you and your families.

So, what's next??? My wife, Eileen, and I plan to spend more time with our 3 children's families and our 6 wonderful grandchildren: Ellen, Greyson, Wynnie, Sloan, Fiona and Stevie. Needless to say, there are plans in the making for a few wild "Papa & Honey" adventures with these kiddos!

Again, I want to sincerely thank you for allowing me and my team to care for you over these years. I have been truly blessed and honored.

With Warm Regards,

Ted E. Mioduski, Jr., D.D.S.
